Subject: SOW-2 — sub-processor update

Hi Jonas,

Attaching SOW-2 for the retail media project. As discussed, we'll be starting on 12 October. For your records, we're adding two sub-processors under the DPA:

1. Kriti Data Labs Pvt Ltd (Bengaluru) — model development

2. SyncRiver Inc (USA) — audience activation tool

Both are standard and we've used them before. Let us know if you have any questions — otherwise we'll go ahead as planned on the 12th.

Best,

Bhavin
